To: Chief, Allocations Branch

PETITION FOR RULEMAKING

Yell County Broadcasting ("Yell County"), by its attorney, hereby requests that the Commission amend the Table of Allotments as follows:

<u>Community</u>	<u>Current</u>	<u>Proposed</u>
Ola, Arkansas	--	267A

In support thereof, the following is stated:

This channel can be allotted to Channel 267A in full accord with the Commission's spacing rules. Attached hereto is a Technical Statement which demonstrates that Channel 267A can be allotted to Ola, Arkansas at 35° 01' 02" N, 93° 13' 34" W, which will prevent any shortspacing from occurring with any currently authorized or proposed facility.

Adoption of this proposal will be in the public interest. As demonstrated in the Technical Statement, approval of this proposal will allow Yell County to provide first local service to Ola, Arkansas.

Accordingly, Yell County respectfully requests that this Petition be adopted, that the Commission amend the FM Table of Allotments to specify Channel 267A at Ola, Arkansas,

No. of Copies rec'd
List ABCDE

044
MMB

and that the Commission request comment on the proposal contained herein.

Respectfully submitted,

YELL COUNTY BROADCASTING

ENGINEERING STATEMENT

OLA, ARKANSAS
FM CHANNEL 267A
for
YELL COUNTY BROADCASTING

The attached engineering study of channel 267A for Ola, Arkansas was performed using the Commission's separation criteria contained in 47 C.F.R. Section 73.207, Minimum Distance Separation Between Stations. This study indicates that channel 267A can be assigned to Ola, Arkansas 1/ with the reference point 2/ 1.8 kilometers south (188 degrees) of the community. The proposed allocation point will avoid short-spacing KCJC, channel 265A, serving Russellville, Arkansas (BLH-920731KB).

DISCUSSION

The FM Channel Spacing Study run from the Ola, AR city-center, attached as Exhibit I, indicates that suitable land area exists 1.8 kilometers south of the community as shown on Exhibit III. Yell County Broadcasting has determined that a location exists which maintains necessary clearances to all FM facilities afforded protection. This proposed Reference Point is shown as Exhibit II.

-
- 1/ Coordinates for Ola, AR city-center:
N LAT 35-02-00; W LNG 93-13-24
 - 2/ Proposed reference coordinates for channel 267A:
N LAT 35-01-02; W LNG 93-13-34

At maximum facilities (6 kw ERP; 100m HAAT) a class A city-grade contour will cover approximately 16 kilometers from the antenna site. Therefore this proposal will provide Ola, Arkansas with the required city-grade signal from a transmitter site within the clearance area.

CONCLUSION

Having demonstrated that this proposal meets the separation requirements of 47 C.F.R. Section 73.207 and that it also meets the city-grade coverage requirements of Section 73.315, the public interest will be served by the allotment of channel 267A to Ola, Arkansas as its first local service.

The image shows a handwritten signature, "D R. Magnuson", written over a circular official seal. The seal contains the text "DWIGHT R. MAGNUSON" around its perimeter. Below the signature and seal, the name "Dwight R. Magnuson, P.E." is printed.

MESSAGE:

James K. Womack (Bentonville, AR applicant) wants to
petition Ola, AR for a new FM. I suggest the name of Yell
County Broadcasting to keep his name off the PRM.....

Anyway, please review the attached and when everyone oks the
name, I'll send the signed original.
